Dr. Will, Evans Sir, he pleased to receive the thanks of one who has been a great sufferer for several years, for the great benefits she has received from the virtues of your inestimable Camomile Pills. She has suffered with pain and distress in the head, a lightness across the head, a lightness across the stomach, shortness of breath, and palpitation of the beart; exercise would almost overcome her; but since using your Camoinile Tonic Pills, her complaints are removed she is able to exercise without fatigue, and she is happy to say, can enjoy life comfortably again.

Newark, July 18, 1836 Doar Sir, for four years I leve been sammed that I was unable to attend to my business, and for the last for 5 months was confined in my room, my complaints were rheumatism, pains in my cromack, indigestion and loss of appetite, with centiqued pain and dizziness in my head; I used different kinds of medicines without effect; until I commenced taking your invaluable effect; until I commenced taking your invaluable Camomile and Aperient Pills; their beneficial efects upon me astonish all who knew my situation. In a few days I shall be at your office to express my gratitude to you in person. In the mean time I sub-scribe myself your most obstreers to B. S. JARVIS, 13 Centre st.

Symptoms. The common corpored symptoms are flatulency in the stomach or bowels, acrid eruetations, costiveness, spasmodic pains, giddiness, dimners of sight, palpitations, and often an utter inability of fixing the attention upon any subject of importance, or engaging in any thing that demands vigor or courage. Also languidness; the mind becomes irritable, thoughtful, desponding, melancholy and dejected, accompanied with a total derangement of the nervous system.
